

## Sarah Brahim

**Sarah Brahim** (b.1992, Riyadh) is a visual and performance artist working across many mediums to present work rooted in experiences of the body. She trained as a professional performer, teacher, and choreographer at San Francisco Conservatory of Dance, and received a BFA (Hons) from London Contemporary Dance School. Her research-based practice began while studying medicine at university, as she continued practicing and performing. The pursuit to understand the body through every possible lens-- biological, physiological, experiential, and more - led her to receive her BS from Oregon Health and Science University, with a focus on medical anthropology, naturopathic medicine, and public health. In her work, Brahim examines how gestures of the body create a language that can be used to voice grief, metamorphosis, the unseen form, and our relationship to the natural world. Transformation through movement is reflected in her works that explore questions of embodiment and cycles of connection, whether social, spatial, or spiritual.

Sarah Brahim's work has been presented at the AIUla Arts Festival (2025), AIUla; The Grand Palais (2025), Paris; MOMI New York Arab Festival, New York; The Venice Biennale (2024), Venice; Paco Imperial (2024), Rio de Janeiro; Louvre Abu Dhabi, Abu Dhabi (2024); the Islamic Biennale, Jeddah (2023); the Biennale de Lyon, Lyon (2022); the Diriyah Biennale, Diriyah (2022); and the Noor Festival Contemporary Light Art, Riyadh (2022). In 2023, she was in residence at Robert Wilson's Watermill Center in New York and received the Baroness Nina von Maltzahn Fellowship for the Performing Arts. Most recently, Brahim was awarded the 2025-2026 Pina Bausch Foundation Fellowship, also having received the Chevalier de l'Ordre des Arts et des Lettres by French Ambassador Ludovic Pouille on behalf of the French Republic and President Emmanuel Macron in 2024. Brahim was shortlisted for the Richard Mille Art Prize in 2023.
